# IGNITE!

A Youth Showcase of Art Inspired by Historic Women of the SouthCoast

## CALL FOR YOUNG ARTISTS

Young artists are invited to ignite interest in the impact of women from the region through original art projects. *Lighting the Way: Historic Women of the SouthCoast* is a project that is unearthing remarkable stories of women who have shaped their communities. Many extraordinary women have been profiled as part of the project. Original works of art are being solicited that highlight the themes, accomplishments, or stories amplified through these profiles. Projects that focus on the anniversary of the 19th Amendment, honor the unfinished legacy of the women's suffrage movement, or highlight women who were civically engaged are especially encouraged.

Art that is chosen to be a part of the *Ignite* showcase will be exhibited or performed at a showcase at the Whaling Museum on March 12, 2020, 6-8 p.m. All pieces included in the showcase will be eligible for a cash award based on their relevance, creativity, and originality. Award winners will be announced after the showcase.
